Anzac and Gregoire Lake Estates

Detailed design work is ongoing with tenders going out this spring and construction starting this summer.

Conklin and Janvier

The project team met with representatives from Conklin Community School and decided to do the construction work near the school during the summer break to minimize disruptions to students.

Tenders for both communities will be issued this spring with work starting this summer.

Draper and Saprae Creek

We continue to work through the design for Draper and Saprae Creek and are on track to start construction in Draper this summer. The timelines for Saprae Creek are still being worked out and will be shared as soon as they're available.
