## WILDFIRE UPDATES

Alberta Wildfire is leading the response to wildfires in the region and is the trusted source for wildfire information. Find regular wildfire updates on the AB Wildfire app and website, under the Lac La Biche Forest Area.

## HIGHWAY UPDATES

Check 511 Alberta's app or website to find up-to-date information on the status of Highway 881, 63 and all highways in the province. Wildfire smoke can affect visibility while driving and conditions can change quickly. Temporary highway closures may be put in place on short notice.

Please stay informed, plan ahead and drive safely.

## CPFN EMERGENCY INFORMATION

Chipewyan Prairie First Nation is providing emergency support and updates for all CPFN members. CPFN members should contact their leadership and follow the official CPFN Facebook page for more information and instructions.

## MUNICIPAL EMERGENCY INFORMATION

Municipal emergency officials are closely monitoring the wildfire situation and remain in close contact with Alberta Wildfire and other agencies.

As of July 23, an Evacuation Alert remains in place for the hamlet of Janvier. Residents in the area do not need to leave, but they should be prepared to do so on short notice. Pack a 72-hour emergency kit and have an emergency plan.

If an Evacuation Order is issued, you will be instructed to leave. For your safety, please follow directions from emergency officials. Municipal emergency supports are only provided if an Evacuation Order is issued.

Follow municipal social media [@rmwoodbuffalo](https://twitter.com/rmwoodbuffalo) or visit [rmwb.ca/alerts](https://rmwb.ca/alerts) to find official evacuation alerts or orders. These critical updates will also be shared on the Alberta Emergency Alerts (AEA) website and app.

**Please follow trusted sources of information.**
