

# COVID-19 UPDATE

**State of Local Emergency (SOLE)** declared in the RMWB.

On Monday, April 26, the Regional Municipality of Wood Buffalo declared a State of Local Emergency (SOLE) to help stop the continued spread of COVID-19 in the region, protect the local health care system and take action to address other local challenges and risks related to the on-going pandemic. The SOLE will remain in effect for 90-days or until terminated. At this time, no further public health measures have been made. Municipal information regarding the pandemic will continue to be updated and available at [rmwb.ca/covid19](http://rmwb.ca/covid19).

## Schools:

- Christina Gordon

**RMWB Case Outcomes: 1548 Active Cases 3972 Resolved Cases 5 Deceased Cases**

## New Cases and Active Cases

- Fort McMurray  
108 New Cases  
98 New Recoveries  
1,481 Active Cases  
1864.8 per 100,000 pop
- Rural RMWB  
3 New Cases  
4 New Recoveries  
67 Active Cases  
1651 per 100,000 pop
- Alberta  
1,597 New Cases  
1,349 New Recoveries  
25,438 Active Cases  
690 in hospital  
158 in ICU
- Canada  
5,797 New Cases  
80,004 Active Cases
- Data as of end of  
May 9th, compared to  
May 8th.

## Vaccine Distribution

- Alberta  
•27,918 doses  
distributed in last 24  
hours
- 1.91M first doses ever
- 319K people are fully  
vaccinated
- 27.2% of individuals in  
the AHS North Zone  
have received at least  
one dose.  
5.0% are fully  
immunized.
- Provincially, 35.7%  
have had first dose,  
7.0% are fully  
immunized.

## MacDonald Island Clinic

- Get Vaccinated –  
Doses available
- Everyone over age 12  
can now book. Be  
patient, and please  
cancel unwanted  
appointments.
- The Rapid Flow  
Through Clinic at  
MacDonald Island is  
no longer offering  
Walk-In  
Appointments.
- Book your  
appointment online  
[here](#), or find a  
pharmacy offering  
vaccine [here](#).

## Current Restrictions:

- As of Friday May 7, Kindergarten to Grade 12 moved to at home learning until Tuesday May 25<sup>th</sup>
- Workplaces with outbreaks must close for 10 days. Exceptions for essential businesses.

- Suncor Firebag
- Suncor Mackay River
- Syncrude Mildred Lake
- Syncrude Aurora
- Suncor Fort Hills
- CNOOC Long Lake Operations
- Oilsands Industrial Lodge - Fort McKay

## Outbreaks in RMWB

### Other:

- Sunshine Community Dayhome
- Bethel Happy Daycare
- Beacon Hill
- Chez Madame
- Piccolo/Ecole Boreal
- YMCA Eagle Ridge Care
- North Star Ford
- Brandt Tractor
- MMA Silin Forest Campus
- Joly's Your Independent Grocer
- North American Construction Group - Ruth Lake
- Salvation Army Shelter
- Centre of Hope

## Do your part, even after your vaccination:

Until most Albertans are protected, fully vaccinated people must continue following all [public health measures](#): no indoor social gatherings, keep 2 metres apart from others, wear a mask in public, wash your hands, and stay home when sick. Once both doses take effect, you are less likely to become severely sick with COVID-19. But we don't yet know if the vaccine prevents vaccinated people from spreading the virus. We must continue reviewing emerging evidence on asymptomatic and variant transmission before we can safely alter public health guidelines. We will let Albertans know when rules for fully vaccinated people can be changed.

## Second Dose:

Results show the first dose is at least 80% effective in preventing severe illness. The second dose ensures you're protected for as long as possible. The timing for getting your second dose depends on your health status.

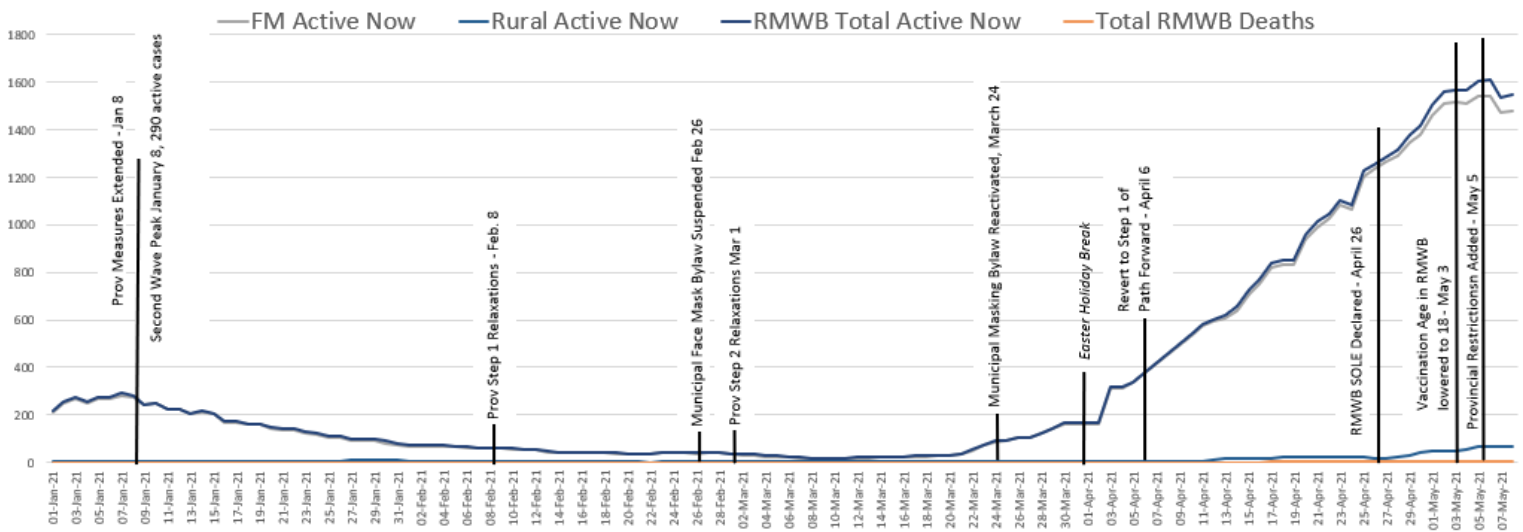

Most Albertans are eligible for your second dose of:

- Pfizer or Moderna no later than 4 months after the first dose
- No later than 4 months and no earlier than 12 weeks after the first dose.

## When to book:

- Bookings for second doses will begin when supply allows, after all Albertans 16 and over have been offered a first dose, likely in late June.
- Contact your pharmacy or AHS closer to your eligibility date to book your next appointment. Do not try booking in advance.

Active COVID-19 in the RMWB - 2021

# COVID-19 UPDATE

State of Local Emergency (SOLE) declared in the RMWB.

**Variants of Concern**

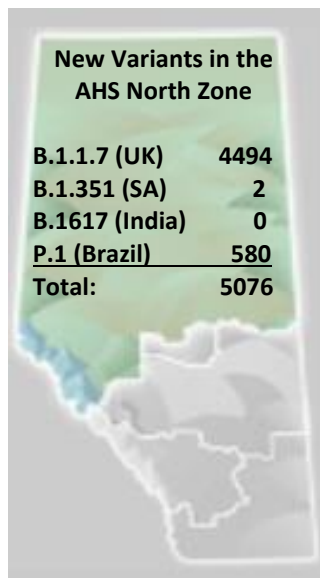

Variants are viruses that have changed or mutated while reproducing inside an infected person’s cells. Variants can spread to others and may continue mutating as they move from person to person. It is normal for viruses to mutate over time.

Variants of concern can spread more easily. They can also cause more serious illness that could result in more hospitalizations and deaths as they become common in the community. COVID-19 variants of concern were first identified in the United Kingdom, South Africa and Brazil. These strains have since been detected in Alberta and in countries around the world. Alberta is monitoring for variants spreading in our province. Confirmed cases are updated daily.

[Follow all mandatory public health measures](#)

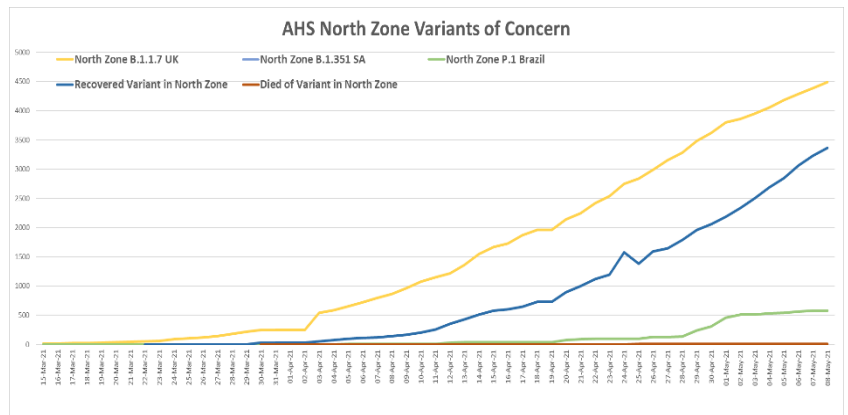

[Get tested if you have any symptoms](#)

[Know the isolation and quarantine requirements for the different strains](#)

**Today, Variants represent 42.0% of all active Covid-19 cases**

**North Zone: 5076 Variants Ever, 3363 Recovered, 7 Deaths**

**Travel outside of your home community for recreational purposes is not encouraged at this time.**

**RMWB Administration is participating in ongoing conversations with AHS and Alberta Health to discuss the current situation and various ways to help bend the curve in our region quickly.**
