

Anzac Community Resources

WILDFIRE UPDATES

Alberta Wildfire is leading the response to wildfires in the region and is the trusted source for wildfire information. Find regular updates and the current wildfire status on the AB Wildfire app and website, under the Fort McMurray Forest Area and the Lac La Biche Forest Area.

HIGHWAY UPDATES

Check 511 Alberta's app or website to find up-to-date information on the status of Highway 881, 63 and all highways in the province. Wildfire smoke can affect visibility while driving and conditions can change quickly. Temporary highway closures may be put in place on short notice.

Please stay informed, plan ahead and drive safely.

MUNICIPAL EMERGENCY INFORMATION

Municipal emergency officials are closely monitoring the wildfire situation and remain in close contact with Alberta Wildfire. There is no immediate risk to the Anzac community at this time.

If the situation changes, an Evacuation Alert will be issued to warn people to prepare to leave.

If an Evacuation Order is issued, you will be instructed to leave. For your safety, please follow directions from emergency officials. Municipal emergency supports are only provided if an Evacuation Order is issued.

Follow municipal social media [@rmwoodbuffalo](https://twitter.com/rmwoodbuffalo) or visit rmwb.ca/alerts to find official evacuation alerts or orders, if issued. These critical updates will also be shared on the Alberta Emergency Alerts (AEA) website and app.

Prepare now

Residents are encouraged to plan ahead and be prepared for emergencies. Check your insurance policy; have an emergency plan and an emergency kit with essential items to sustain you and your family for at least 72 hours.
