ANZAC & GREGOIRE LAKE ESTATES **WATER AND SEWER PROGRAM**

The **end of the 2028 construction season is the current deadline** to connect your home to piped water and sewer servicing through the subsidized RWSS program. Don't wait until next year to get your application started. Begin the process this fall to make sure you take advantage of the significant savings offered through the program.

How do you connect?

- Review the RWSS Homeowners Guide and important information at rmwb.ca/rwss.
- The first step in applying to connect your home is choosing a certified contractor and asking them to prepare a quote and discussing what this work will entail. A list of certified contractors is available on the RMWB website.
- You're in control of the entire application process, but your contractor can take the lead on everything if you prefer.
- Your Municipal tax and utility accounts must be in good standing. Outstanding balances must be paid before your RWSS application can be approved.

Important details to remember when selecting a contractor

- The contract to hook up your home to piped water and sewer services is between you and the contractor only.
- Discuss with your contractor the location of pipes and how the landscaping on your property/yard will be restored, before finalizing a contract.
- Upgrades to existing plumbing and electrical systems are the responsibility of the homeowner and are not included in the subsidized RWSS program.

Need help?

Connecting your home to piped water and sewer may seem complicated, but we're here to help guide you through the process. Visit your local municipal office or call 780-743-7000 to learn more and ask questions.

Find everything you need to know about the Rural Water and Sewer Servicing Program, including more details on how to apply at rmwb.ca/rwss

No stat holiday water and septic truck service in Anzac and Gregoire Lake Estates starting Nov. 11

Effective Nov. 11, 2024, there will be no scheduled water truck or septic truck services in Anzac and Gregoire Lake Estates on statutory holidays. Regular service schedules may also be adjusted for some residents in the future, as the ongoing Rural Water and Sewer Program means changes in the number of homes requiring trucked water and sewer service. The schedule adjustments are being made to ensure efficient service delivery routes for residents. Affected residents will receive a call from the RMWB with details on adjusted scheduled service days.

For more information, please contact Pulse at 780-743-7000 or rmwb.ca/pulse

Anzac Church Memorial Construction Notice

The Anzac Church Memorial will commemorate Willow Lake Church by creating an inviting space for residents to gather for years to come. The Willow Lake Church was a landmark used by various faiths and responsible for many community memories.

In 2016, the church was deemed unsafe for public use and was demolished. To honor the site, community residents advocated to Council for a memorial. In the Fall of 2023, the design concept was chosen and further developed.

Construction site in Anzac

Proposed Start and End Dates: September 19, 2024-November 30, 2024

Contractor: Sena Contractors Inc.

Community Benefit: The space is meant to provide a commemorative gathering space for the community to reflect, relax, and rest.

Notice to residents: A laydown yard will be onsite within the construction boundary and will use a portion of the parking lot. The project area will be fenced off for the duration of construction with the gravel pathway partially blocked. Residents are asked to stay away from the area during construction.
