The budget outlines a comprehensive plan that balances delivering safe, reliable services with strategic long-term capital investments to support the region’s continued growth and sustainability.

The budget is comprised of \$476.2 million for operations and \$169.4 million to be transferred to reserves. The capital budget is \$166.2 million with funding from grants and 2025 revenues.

The overall increase in the budget from last year is due to the increasing costs of material and supplies across Alberta and all of Canada.

COMMUNITY NOTICE

REGIONAL MUNICIPALITY
OF WOOD BUFFALO

Remove curbside collection bins from the street after pick-up

With winter in full swing, streets must be kept clear for snowplows and equipment to plow and remove snow. There have been recent incidents with garbage and recycling bins left on the street being damaged by equipment. This can be avoided by following the bylaws and requirements for curbside collection.

Remove bins from the street

Your curbside collection bins cannot be left on the street. Bins must be placed on the curb by 7:30 a.m. on your collection day and removed from the street the same day. Bins need to be stored on your property when it's not your collection day.

Winter bin placement

We need your help to ensure garbage and recycling bins are picked up safely and efficiently.

- Place your garbage and recycling bins in front of windrows (snowbanks). Do not place bins on top or behind windrows.
- Clear the snow away from the curb where you place your bins. If bins are blocked by snow, they may not be collected.
- Keep one-foot in-between bins and 3 feet away from vehicles.
- Ensure lids are firmly closed.

Thank you for your support following these requirements. To learn more about curbside collection, visit rmwb.ca/garbage.

For questions, contact Pulse at 780-743-7000, 1-800-973-9663 or online at rmwb.ca/pulse.

Construction underway on Fort Chipewyan Winter Road

Municipal contractors are starting to build the Fort Chipewyan Winter Road. Construction work will continue throughout December, with a target opening date before Dec. 25. As always, the opening of the winter road is dependent on weather and the progress crews make, ensuring the road is safe for vehicles.

Crews preparing for La Loche Winter Trail construction

Crews are preparing for construction of the La Loche Winter Trail. The route will open when it is safe. Please follow the winter road safety tips and look for updates at rmwb.ca/winterroads.

Slow down! Winter road safety tips

Before travelling on the winter road, please review the Winter Road Safety Tips. Drivers are reminded to:

- Remember that travelling on the winter road when it's closed is strictly prohibited and extremely dangerous.
- Drive to conditions and stay on right-hand side of the road (especially on hills).
- Reduce speed to 30 km/h when passing equipment in the sandhills.
- Stay on the designated route. Travelling off road is extremely dangerous as there may be thin ice in areas surrounding the road.
- Prepare for emergencies ahead of time. There are no regular services like road patrol, gas stations or reliable cell phone coverage.
- Always inform someone of your travel plans before leaving.
- Make the drive using high clearance 4x4 vehicles (recommended)

Don't miss a winter road update

Further winter road updates will be provided as they become available. Check the following sources for the latest information:

ANZAC & GREGOIRE LAKE ESTATES

WATER AND SEWER PROGRAM

The 2024 construction season has wrapped up, but you can still **get your Rural Water and Sewer Services (RWSS) application started over the winter**. This will help ensure your home is ready to start being connected next construction season and you take advantage of the significant savings offered through the RWSS program.

52 homes in Anzac and Gregoire Lake Estates have already connected to piped water and sewer services through the RWSS program.

Deadline to connect your home

The Municipality will cover a large portion of the cost to connect your home to piped water and sewer services up to the end of the 2028 construction season for Anzac and Gregoire Lake Estates.

After this deadline, you will be responsible for the full connection cost, which can be anywhere between \$40,000 to \$110,000 as opposed to the lower cost of \$16,000 with 0% interest available now. The full cost of trucked water deliveries and sewer pickups will also be your responsibility if your home isn't connected by the deadline.

How do I start my application over the winter?

- Review the RWSS Homeowners Guide and important information at rmwb.ca/rwss. You can also visit your local Municipal office or call 780-743-7000 to ask questions and get help starting your application.
- Contact a certified contractor to discuss what the work connecting your home will entail. A contractor quote must be submitted in the spring to the Municipality for approval as part of your application. While quotes won't be approved over the winter, contractors can still prepare everything so work can begin next construction season. A list of certified contractors is available on the RMWB website.
- You're in control of the entire application process, but your contractor can take the lead on everything if you prefer.
- Your Municipal tax and utility accounts must be in good standing. Outstanding balances must be paid before your RWSS application can be approved.

Need help?

Connecting your home to piped water and sewer may seem complicated, but we're here to help guide you through the process. Visit your local municipal office or call 780-743-7000 to learn more and ask questions.

Find everything you need to know about the Rural Water and Sewer Servicing Program, including more details on how to apply at rmwb.ca/rwss

Accessibility around the RMWB

Did you know we recently developed accessibility checklists for buildings and events in collaboration with community stakeholders?

These tools allow residents, businesses and RMWB staff to identify areas where accessibility can be improved to meet community needs.

Learn more at rmwb.ca/Accessibility.

Why is accessibility important?

It's inclusive and gives equal access to all.

As part of the RMWB Commitment to Equity and Inclusion, we consulted with residents to better understand the prevalence of disabilities across demographics and the types of barriers being experienced.

The RMWB What We Heard About Accessibility 2022 report found that 58% of survey participants reported having a physical disability. It is important to acknowledge that residents also indicated facing mental, cognitive and sensory disabilities.

It removes barriers, and it's the right thing to do.

Accessibility is about eliminating barriers so that everyone can fully participate in society. The goal of the Accessible Canada Act is to achieve a barrier-free Canada by 2040. A barrier is anything that hinders the full and equal participation of a person in Canadian life. Barriers can be physical, architectural, technological, informational, or attitudinal.

It benefits everyone.

Accessibility is better for society, businesses and everyone.

Great societies become even greater when there is equal access, full engagement, and capacity to reach full potential. When accessibility is not prioritized, people are excluded from participation and that leads to lost potential for individuals, families, businesses, communities, and our economy.

Learn more at rmwb.ca/Accessibility.

Wood Buffalo Victim Services provides victims of crime and trauma with support, information and referrals based on their needs. The intent is to ease the crisis and help them return to stability.

Why should victims of crime and trauma contact us?

Our support workers are empathetic listeners. They will give you information to help you make decisions that are best for you and your circumstances. Part of our role is to make sure you are treated fairly. You have rights under the *Alberta Victims of Crime Act*.

Please call or email to speak to a support worker. We can arrange to meet in your community.
