## Start preparing for the RMWB election on Oct. 20

Advance voting for the municipal and school trustee elections will start in less than 60 days in the RMWB. Preparations are well underway at the Municipality and it's time for you and all residents to start preparing as well.

Find everything you need to know about the municipal and school trustee elections – including voting options, job opportunities, reasons why you should vote, and a list of candidates – at [rmwb.ca/election](https://rmwb.ca/election).

### Key Election Dates

Noon, Sept. 22 – Nomination deadline for candidates

Sept. 23 – Deadline for candidates to submit candidate profile information

Oct. 3 – 17 – Advance voting days for Ward 1

Oct. 15 and 16 – Advance voting days for Wards 2, 3 and 4

Oct. 20 – Election Day

### Learn about your choices in this election with candidate profiles

The RMWB will be featuring candidate profiles for Mayor and Councillor on its election webpage in late September to help voters inform themselves on their choices. While candidates will have the opportunity to add profile information to the RMWB website, it is optional and many candidates have their own websites and social media accounts.

### Changes to election laws mean hand-counted ballots, slower results

Every municipality in Alberta – including the RMWB – will be hand-counting ballots for the Oct. 20 election instead of using vote tabulators. This is because of changes to election laws made by the Government of Alberta.

Previously, unofficial election results could be known by election night through the use of vote tabulators. Tabulators have been used for decades in Alberta. Using hand-counting, it's expected that the 2025 election count will take at least three days to complete.

## Help shape your community - join an RMWB board or committee!

Wood Buffalo needs your energy and perspective for important projects and initiatives across the region!

Get involved, gain valuable experience and network with like-minded residents by applying to join a Council-appointed board or committee. There are more than 70 vacancies among nearly 20 Municipal boards and committees. Vacancies will be posted in early September. Apply for an open position at [rmwb.ca/boards](https://rmwb.ca/boards), or at your local municipal office.

What are the benefits of serving on an RMWB board or committee?

Joining a board or committee is a great opportunity for professional growth – members work alongside other community leaders and help advise Mayor and Councillors on important matters that impact your community.

Are meetings accessible for rural and Indigenous residents?

Distance doesn't have to be an obstacle – you can attend most board and committee meetings remotely by video call. Rural board and committee members will also be reimbursed mileage expenses for driving to attend meetings in person.

Which board and committee positions are currently open to apply for?

- Advisory Committee on Aging
- Assessment Review Board
- Combative Sports Commission
- Communities in Bloom
- Community Identification Committee
- Community Standards Appeal Committee
- Development Advisory Committee
- Downtown Revitalization Advisory Committee

*We are a provincial non-profit organization that is dedicated to building strong, vibrant communities to enable youth on their path to rewarding careers.*

The team at CAREERS is excited to announce that we will soon be hitting the road to visit schools and communities across the region this fall.

As part of our ongoing commitment to supporting youth in their career exploration journeys, our outreach team will be engaging with students directly in their schools. We encourage students, educators, and community members to stop by when we're in your area—ask questions, learn about our programs, and discover the many opportunities available through CAREERS.

Our programming includes hands-on experiences and pathways in high-demand fields such as skilled trades, healthcare, forestry, and information and communications technology (ICT). In addition to these core areas, we also provide guidance and support for students interested in exploring a wide range of post-secondary and career options beyond our established programs.

Whether you're a student considering your future, a parent seeking resources, or an educator looking to connect your students with real-world opportunities, we look forward to meeting you and working together to help youth succeed.
