Fort Chipewyan Water Treatment Plant planned maintenance

Dear Residents,

We would like to inform you that the Fort Chipewyan Water Treatment Plant is undergoing a scheduled upgrade to the truck fill station. This essential work began on **Sept. 3, 2025**, and was expected to be completed by Sept. 18, 2025.

Unfortunately, the work was not completed and is now expected to be completed by **Oct. 9, 2025**. During this period, the truck fill station will be closed for water refills.

Once completed, the upgrade will significantly increase water flow output, making refilling faster and more convenient.

In the meantime, residents are welcome to obtain water refills at the **Allison Bay Water Treatment Plant**, which is open **Monday to Friday from 8:00 AM to 4:30 PM**.

This scheduled upgrade should not cause any other impacts to residents.

We appreciate your patience during this necessary maintenance. We apologize for any inconvenience this may cause.

If you have any questions or concerns, please feel free to contact Pulse at 780-743-7000 or visit rmwb.ca/pulse. To reach an operator at the Allison Bay Water Treatment Plant, please call (780) 983-1330.

Thank you for your understanding.
