

Your new bear-bin is here!

This new bin replaces your old curbside collection garbage bin(s). Here are instructions on how to use your new bin.

1. To unlock and open your bin, slide the lever under the instructions sticker from left to right (you'll hear it unlatch). To lock your bin, slide the lever from right to left.
2. Once unlocked, you can open the bin by lifting the handle. Bins must not be overfilled and kept locked at all times, except when disposing of garbage.
3. On collection day leave your new bin curbside, you do not need to unlock it. The trucks are fully automated to work with these bins.
4. If you have an issue with your bin, do not try to fix it yourself. Call PULSE at 780-743-7000, 1-800-973-9663 and staff will fix it for you.

More information, including an instructional video, can be found at rmwb.ca/bearbins
