Council approved seven funding priorities. Please indicate which funding priority/priorities are applicable to this application.

Please select at least 3 funding priorities for the Community Sustaining and Subsidiary Grant applications.
Please select at least 1 funding priority for the Community Impact Grant (Community Programs and Projects or Community Events) application.

- Community support services and wellness
- Accessibility, inclusion and belonging
- Hosting events/new business and visitors
- Partnership and collaboration
- Rural and Indigenous Communities and Relationships
- Social participation
- Value of culture, heritage and regional pride

Describe how the proposed program, project, service or event align with these priorities.

An adult community activity program aligns with key priorities by promoting holistic wellness through activities that enhance physical and mental health while fostering social connections. It emphasizes diversity, equity, and inclusion by offering inclusive programming that reflects the community's diverse backgrounds and is accessible to all. The program will collaborate with local organizations to enhance resources and co-create initiatives that address specific community needs. Finally, by facilitating networking opportunities and encouraging volunteerism, the program aims to strengthen social participation and community ties among participants.

Community Connections

How does your organization ensure that its programs, projects, services or events are accessible and inclusive for anyone who has an interest? Please share examples and success stories of accessibility and inclusivity.

we run events and activities for the entire community, no one is excluded from any event, and the board will work to make special accommodations for all individuals, whether it is accessibility, of inclusivity

our events are held at vista ridge and the facility is wheelchair accessible

If applicable, please explain how your program, project, service or event celebrates Indigenous culture, serves Indigenous communities and/or promotes Indigenous healing, language, cultural restoration, or reconciliation.

We run programs for the community and everyone that lives in the community is invited

Logic Model

Statement of Need: What social problem or gap do you hope to address by delivering the program, project, service or event? What evidence do you have that this problem or gap exists?

Our rural location makes access to RMWB programming difficult, we are isolated with no community gathering place so the SCRS aim is to provide social programming to bring families together . Evidence that we have is that the SCRS is the only group providing social service to Saprae Creek, and we have continued to be funded by the RMWB for this to happen

Many residents in communities, particularly in rural areas such as Saprae Creek, face challenges such as social isolation, and limited access to engaging activities. There is a pressing need for an residents community activity program that promotes holistic wellness, fosters social connections, and encourages inclusivity. Such a program can provide essential support services, create networking opportunities, and empower individuals to contribute actively to their community. By addressing these needs, we can enhance the quality of life for residents and strengthen community and family ties

Project Summary

Saprae Creek Residents Society (SCRS)

Community Connections

Broad Strategy: How will the program, project, service or event address the social problem? (e.g., What approach are you taking that you hope will lead your program, project, service or event to support the social problem?)

To meet the needs of community residents in rural communities, we will implement a comprehensive community activity program focused on promoting holistic wellness, fostering social connections, and ensuring inclusivity. This strategy will include a variety of wellness activities that support physical and mental health, events that encourage networking and relationship-building, and programming that reflects the community's diverse backgrounds. Ultimately, this program aims to enhance the quality of life for adults and strengthen community and family ties

Rationale: What evidence or research do we have that this strategy will work? To demonstrate for example, "If [my organization] does 'x' program, project, service or event, then [this] change will happen for the target population."

If Saprae Creek Resident's Society implements a comprehensive adult community activity program, challenges faced by adults, particularly in rural areas, such as social isolation, limited access to resources, and mental health issues will be addressed. Engaging adults in structured activities promotes holistic wellness and improves both physical and mental health outcomes. Fostering social connections reduces isolation and builds community, while inclusive programming ensures all individuals feel valued and engaged. Collaborating with local organizations maximizes resources and sustainability. Ultimately, this program aims to enhance the quality of life for adults, strengthen community ties, and create a more inclusive society.

Inputs: What resources will be invested to achieve your goal? (e.g., staff labour, venue space, volunteers, computers, etc.)

Many of our programs are facilitated by community volunteers, but we also enlist contractors and instructors for craft-related events. Additionally, we collaborate with Vista Ridge to secure space and food for our events, as well as to provide staff and instructors

The SCRS has been slowly building an inventory of supplies to broaden the availability of events to run

Project Summary

Saprae Creek Residents Society (SCRS)

Community Connections

Activities: What activities make up the program, project, service or event? (e.g., workshops, mentorship sessions, etc.)

Community Social, recreational programing, Learning programing
Seniors social/ learning
Little connections
Kids recreation/ social programing

Outputs: What do you deliver? (e.g., # of total participants trained, # of organizations, # of sessions, # of events, etc.). Note, each activity should have outputs.

Note: If the program, project, service or event is approved, your outputs may be included in the Grant Agreement and data collection on the outputs is required.

Halloween Party (1 event per year; up to 150 participants)
Christmas Party (1 event per year; up to 150 participants)
Recreational events (6 events: 200 participants)
Social Events (5 events: 150 participants)
Crafting events (16 per year 320 participants)
Spring Cleanup (1 event per year; up to 150 participants)

Outcomes: What change do you want to see for the participants by running your program, project, service or event? Organizations are required to identify at least one outcome, that will be measured through the grant period, should the application be approved.

Note: If the program, project, service or event is approved, your outcomes will be included in the Grant Agreement and data collection on the outcomes is required.

An outcome of implementing the adult community activity program in Saprae Creek will be increased social connectedness among participants, leading to a reduction in feelings of isolation and enhanced overall well-being. As adults engage in structured activities and build relationships, they are likely to experience improved mental health, greater community involvement, and a stronger sense of belonging, which can contribute to their personal development and empowerment
