JUNE 2025

Showcase your community spirit on Canada Day

Connect with the people that call Fort McMurray Wood Buffalo home with a float or walking group in the Canada Day Parade on July 1 at 10:30 a.m. Register by 4 p.m. on June 16 at rmwb.ca/CanadaDay.

Fundraise for your organization or group

Contribute to Canada Day's success and raise funds for your organization at the same time! There are eight fundraising opportunities available for local non-profit community organizations and groups. Positions include barricade monitors, safety walkers and members of the Swag Squad.

Apply for an opportunity by June 16 at rmwb.ca/CanadaDay.

Get ready to line the sidewalks with red, white and orange - safely

Family, friends, and neighbours, get ready to line the sidewalks of Franklin Avenue with red, white and orange to enjoy the Canada Day Parade on July 1 at 10:30 a.m.

The parade will travel down Franklin Ave., beginning on Main St. and ending on Riedel St. For community members seeking a quieter parade experience, find a spot along Main St. between Clearwater Dr. and Franklin Ave. for a sensory-friendly experience from 10:15 to 10:30 a.m.

There will be more free family events and activities happening too: keep an eye out for updates from MacDonald Island Park and other community organizations.

Reflect on Canada's shared history

Let's celebrate Canada Day in a way that unites us as a community.

Acknowledge with gratitude that the land on which we live, work and play is Treaty 8 territory, the traditional and ancestral land of the Cree, Dene and the unceded territory of the Métis.

Board Meeting Highlights April 26, 2025

2024-2025 What We Heard Report presented to the Board

Superintendent of Schools/CEO Cal Johnson presented the 2024–2025 What We Heard Report. Northland hosted 15 in-person engagement sessions and one virtual session between January and March 2025. Feedback focused on student engagement, community connections, programming, and supports. This input is helping guide updates to Northland’s Education Plan. To read the full report, click on the website link:

<https://www.nsd61.ca/download/509412>. The What We Heard Report will be shared with all Northland school communities.

Board approves grade additions at Elizabeth, Grouard Northland and Gift Lake Schools

The Board approved grade additions to meet community requests for more local education options:

- Elizabeth School – Grade 9
- Gift Lake School – Grade 10
- Grouard Northland School – Grade 11

Families shared that local schooling helps students succeed, stay connected to their culture, and feel strong in their communities. Northland will keep working with families to explore future grade expansions based on needs and available resources.

Phone system replacement approved

The Board approved a plan to replace Northland’s aging phone system with a new cloud-based solution. The project, supplied by Netagen, will improve reliability and safety across all 18 schools and central office buildings. The new system includes on-site gateways to maintain phone service during network outages and integrates with Google collaboration tools.

Employers Looking for Summer Staff

Are you looking to hire a summer student this year? CAREERS is working with local high school students to find summer internships in a variety of fields. We can also provide financial support for hiring. The Youth Internship Incentive Program is designed to increase the number of employers supporting work-integrated learning internships in trades, technologies, and in-demand occupations. This financial incentive supports new employers to offer CAREERS internships, and existing employers to expand their ability to provide more internships, and employers to support more internships.

Welcome to the Team!

Please help us in welcoming two of our newest team members. Sabrina Watson is a Program Coordinator and Brianna House is our Indigenous Youth Career Coach. We are excited to have you both join CAREERS! Watch for them in your community over the summer.

Skilled Trades Interview Success

In April & May, over 200 local youth were interviewed in our region for RAP & Co-Op apprenticeship positions. Interviewers were impressed by their enthusiasm and passion for the trades, and are excited to see such promising individuals develop into the next generation of skilled tradespeople.

If you are interested in learning more about any of these programs, please contact Ali Grinham, who will be happy to meet with you in person, virtually, or by phone to provide the details on how to apply.
