

WILLOW LAKE NEWS

HAPPY
Labor Day

SEPTEMBER 2024

In memory of Councillor Jane Stroud, who served with dedication and made a lasting impact on the region from 2010 to 2024.

ANZAC & GREGOIRE LAKE ESTATES WATER AND SEWER PROGRAM

The 2024 construction season is well underway, and you shouldn't wait any longer to start the process to connect your home to piped water and sewer services.

Why connect your home through the Rural Water and Sewer Servicing program?

- Save a lot of money. The Municipality is offering 0% financing and covering a large portion of your cost. This offer won't be available forever, so don't wait to connect.
- Say goodbye to trucked water deliveries and sewer pickup. Once the connection window closes, the Municipality will no longer be helping arrange these services for homes. It will be your responsibility as a homeowner to coordinate and pay for these services, which can cost hundreds of dollars monthly.
- Increase the value of your home. Adding piped water and sewer services should increase the value of your home by more than the cost to connect through the RWSS program.

How do you connect?

- The first step in applying to connect your home is choosing a certified contractor and asking them to prepare a quote and discussing what this work will entail. A list of certified contractors is available on the municipal website.
- You're in control of the entire application process, but your contractor can take the lead on everything if you prefer.

Need help?

Connecting your home to piped water and sewer may seem complicated, but we're here to help guide you through the process. Visit your local municipal office or call 780-743-7000 to learn more and ask questions.

Find everything you need to know about the Rural Water and Sewer Servicing Program, including how to apply at rmwb.ca/rwss

Municipal Development Plan coming to Council

The draft of Municipal Development Plan (MDP) was presented as part of the July 9 council meeting consent agenda and a public hearing is scheduled for September, where we expect Council to approve and adopt the MDP.

The RMWB has prepared a draft MDP document which includes the region's growth concept and a new vision for the future of the region. The MDP is a blueprint for how the region will evolve, thrive, and expand for the next 20 years and outlines a new vision for the community and Municipal Council for our neighborhoods, livelihoods, and future for all in Wood Buffalo.

Stay informed: to read the draft MDP visit rmwb.ca/MDP and to register to speak in September visit rmwb.ca/council and click, request to speak.

National Day for Truth and Reconciliation: Community Gathering and Walk on Sept. 30

Community gathering will begin morning of Sept. 30 in kiyām Park, followed by walk

All are invited to participate in the Community Gathering and Walk to recognize the National Day for Truth and Reconciliation on Sept. 30.

The gathering is expected to be at 10 a.m. at kiyām Community Park, starting with a prayer, raising of the Survivors' flag and a brief address before walking the designated loop through downtown.

After the walk, light refreshments will be provided at the park with an opportunity for community members to reflect on the importance of the day.

On September 30, we encourage everyone to wear orange to the gathering and walk as a sign of solidarity.

Emergency Social Services (ESS)

ESS provides individuals or families with supports when they are displaced due to an emergency. Registration centres or other evacuation sites are set up to register evacuees and provide immediate basic needs. This support is available to provide a safe place for evacuees to plan their next steps as they transition to recovery.

Registration centres may provide the following services:

- Food/water
- Shelter
- Clothing
- First Aid/emotional support
- Family reunification
- Animal care and rescue assistance

To learn more about ESS, or to join the ESS Team, scan the QR code:

Emergencies happen. If you are a vulnerable person living in the region, you may be at greater risk during an emergency.

**Vulnerable
Persons
Registry**

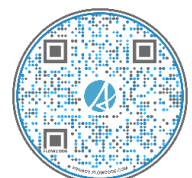

The Vulnerable Persons Registry (VPR) is a service that improves the safety of vulnerable residents living at home.

This is done by communicating directly with registrants during emergencies and by sharing key information to first responders about individuals on the VPR.
