REGIONAL MUNICIPALITY
OF WOOD BUFFALO

COMMUNITY NOTICE

How rural winter maintenance works in your community

Winter maintenance in rural communities is done by municipal contractors, and includes:

- Snow plowing and snow removal.
- Sanding/salting asphalt roadways whenever needed to create a safe driving surface.

Snow plowing in your community:

- Primary (high-traffic) roads are plowed within 24 hours of snowfall.
- School routes will be plowed within 24 hours for easier school pick-up and drop-off.
- Secondary roads are plowed within 48 hours.
- Gravel roads are plowed within 72 hours.
- Contractors will try to remove windrows (snowbanks) at residential and commercial driveways where possible.

Snow removal in your community:

- Contractors start snow removal when snowbanks are too high and block safe sightlines at intersections.

Help your community with winter maintenance:

- Remove garbage and recycling bins from the roadside to leave room for plowing.
- Do not shovel/push snow onto the road or into ditches, as this creates flooding issues in the spring.
