Permit Terms and Conditions

1. Inspections are required for all permits; and it is the applicant's responsibility to request the inspection when the work is ready. Contact 780-743-7813 or email inspections@rmwb.ca.
2. Permits will be expired if:
 - a. Work does not commence within 90 days of permit issuance, or
 - b. Work is suspended or abandoned for a period of 120 days, or
 - c. Work is not completed within 1 year from issuance. One-time permit extensions may be granted where applicable.
3. This permit is only applicable to the work detailed in the Description of Work and all other work completed, that is not listed on this permit, will not be in non-compliance with the **Alberta Safety Codes Act**.
4. The permit holder is responsible to notify the permit issuer and has the right to cancel the permit. Contact the permit issuer if the following occurs:
 - a. If the permit holder does not intend to complete the undertaking, or
 - b. If there is a change in ownership from the owner as stated on the permit application.
5. The permit issuer has the right to cancel your permit if it is found the permit was issued in error due to incorrect or insufficient information in respect to the permit.
6. There are no refunds on permit fees once the permit has been processed.
7. No person shall deviate or authorize a deviation from a permit, or terms or conditions of a permit, without first obtaining the written permission of the permit issuer.
8. The permit holder will ensure that the construction site is identified.
9. The permitted work requires the approval of a Safety Codes Officer before any part of the building or system is covered or concealed. If required by a Safety Codes Officer, the owner shall uncover and replace at the owner's expense.
10. Permits must be inspected and be compliant prior to the use and/or occupancy.
 - a. Commercial, Industrial and Institutional projects must have all applicable electrical, plumbing, gas and ventilation permits inspected and compliant prior to issuance of the Occupancy Certificate. A final building inspection may be required prior to the issuance of the Occupancy Certificate.
 - b. Residential projects must have all applicable electrical, plumbing, gas, and ventilation permits inspected and compliant prior to the final building Occupancy inspection.
11. The installation of CSST gas piping is required to be completed by a certified installer and proof of certification will be required at the time of inspection.
12. Homeowners that obtain permits must complete the work and will be taking responsibility for ensuring the undertaking complies with the applicable codes and standards. The permit issuer will cancel the Homeowner Private Sewage, Electrical, Plumbing, Ventilation or Gas permit if:
 - a. A contractor is found completing the work.
 - b. You are not the registered owner of the residential premises in which the work is being performed.
 - c. You do not permanently reside 'in' or will reside 'in' the premises.
13. Only the permit applicant, representative of the applicant or owner is permitted to inquire about permit information, receive permit information and request inspections.
14. Re-inspection fees will be applied to the permit record and no further inspections will be permitted until the fees have been paid, if:
 - a. The inspector is unable to complete an inspection due to unsafe access, no entry or unable to locate the site.
 - b. Deficiencies from a previous inspection were not corrected at the time of the re-inspection.
