Rural Water and Sewer Servicing Connection Updates as of July 2025

Janvier - 27 homes have connected; 35 applications received of 55 eligible properties.

JANVIER

WATER AND SEWER PROGRAM

The 2025 construction season is well underway, and you shouldn't wait any longer to start the process to connect your home to piped water and sewer services.

Why connect your home through the Rural Water and Sewer Servicing program?

- Save a lot of money. The Municipality is offering 0% financing and covering a large portion of your cost. This offer won't be available forever, so don't wait to connect.
- Say goodbye to trucked water deliveries and sewer pickup. Once the connection window closes, the Municipality will no longer be helping arrange these services for homes. It will be your responsibility as a homeowner to coordinate and pay for these services, which can cost hundreds of dollars monthly.
- Increase the value of your home. Adding piped water and sewer services should increase the value of your home by more than the cost to connect through the RWSS program.

How do you connect?

- The first step in applying to connect your home is choosing a certified contractor and asking them to prepare a quote and discussing what this work will entail. A list of certified contractors is available on the municipal website.
- You're in control of the entire application process, but your contractor can take the lead on everything if you prefer.

Need help?

Connecting your home to piped water and sewer may seem complicated, but we're here to help guide you through the process. Visit your local municipal office or call 780-743-7000 to learn more and ask questions.

Find everything you need to know about the Rural Water and Sewer Servicing Program, including how to apply at rmwb.ca/rwss

WHERE ARE SUPPORTS NEEDED?

Your feedback is shaping a 10-year strategy to strengthen safety and social well-being, identifying community priorities in supports for seniors and Elders, programs for youth and children, transportation, and cultural services.

Stay involved and informed

- Participate online at rmwb.ca/socialwellbeing
- Complete a paper survey or quick poll at your local municipal office
- Chat at an upcoming rural community open house

Feedback will help show where supports are strong, where gaps exist, and how to improve access and connection.
